

MOTIVATIONAL RALLY

STUDENT ASSEMBLY

Unlike any student assembly you have ever experienced! Steve shares a powerful and meaningful message around his Stand TALL philosophy.

Students are fully engaged from start to finish. Students and staff are Dancing, Singing, and Actively Participating. Steve brings multiple students into the action in order to strengthen the message. **No sad stories or meaningless long lectures.** The rally has a positive message and high energy activities.

I loved how Steve connected with the students on a very real level. I think the students felt like they could relate to Steve's story... I also found the way that the entire school, staff and students, cheered each other had some time to bond was a powerful component of the assembly.

-Teacher / Lakeside Middle School
